DETAILED ACTION

Allowable Subject Matter

1. Claims 1-14 and 16-17 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art searched and cited failed to teach or fairly suggest a defect evaluation apparatus having a source for generating positrons, a moderator, a sample holding section, a transfer section, a detection means; wherein the said apparatus further comprises a heating means for heating a moderator in a position where there is a possibility of the source being thermally damaged if there is no protection means mentioned below in the source section and a protection means for protecting the source from the heating means and heated moderator when the moderator is being heated using the heating means. The above-mentioned elements in combination with the remaining elements presented in claim 1 are considered allowable. Claims 2-14 and 15-17 are allowable because of their dependencies upon claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
